

THEME: BUILDING BACK BETTER AFTER COVID-19

AWARD CATEGORIES AND JUDGING CRITERIA

The Banking Awards 2022, the annual celebration of the banking sector's achievements will be held on **Friday 13th May, 2022** at The Serena Hotel , Nairobi.

This will be the 17th consecutive edition of these awards organized and hosted by **Think Business Limited**, a strategic research and competitive intelligence company specializing on the financial sector.

The main objective of the Awards is to encourage **innovation, prudence and stability**, in the banking sector by recognizing, awarding and celebrating exemplary performers.

By showcasing the best performers in the industry, we aim to present the banking public with an opportunity make informed banking decisions. This can only be achieved if we incorporated all industry players in the awards. To achieve this, we have introduced new award categories and judging criteria and revised several existing ones. We have also eliminated the need for sending entries for some key award categories. Thus, all banks have been included in this year's awards in many more categories than previously.

Where entries are not required, we have incorporated a number of parameters in the judging process. These include:

1. Financial performance, based on our analysis of the publicly available financial information that banks are mandated to publish by law.
2. Customer satisfaction surveys
3. Market perceptions and awareness of products and services as determined through a survey
4. Publicly available information such as on corporate governance for listed banks
5. Bank charges based on our analysis of publicly available tariff guides that banks are required to publish in their banking halls and other public platforms.
6. A comparative assessment of products and services offered by the banks.

The **Best Banks in Kenya 2022** will therefore be banks that perform best based on these parameters.

Where entries are required, a panel of expert judges drawn from various disciplines shall decide on the winners as per set criteria. The judge's decisions will be informed by assessment of information presented by the entrants as well as other information that will be available to them from our analysis and surveys, whose results will be published in our Banking Survey 2022.

The panel of judges may contact entrants directly for any additional information they might need to help them in the judging process.

PKF Kenya, the 2022 judging process partners, will oversee and audit the entire judging process including the selection of judges and verification of entries. Entries commence on **Monday 14th February, 2022** and close on **Friday, 18th March 2021**. All entries must be submitted on the **ThinkAwards** platform accessible through the Think Business Banking Awards website, www.bankingawards.co.ke

Eligibility

- Entries are open to all Commercial banks and Micro-Finance (MF) Banks licensed and regulated by the Central Bank of Kenya.
- Entries must be for projects that have been implemented within the previous 18 months.
- Each award category has its eligibility criteria. Kindly refer to it to ensure you are entered in the most appropriate categories.

The judges reserve the right to amend the judging criteria, change the maximum allocated score for any criteria, accept or reject entries. Where one entry is submitted jointly by one or more parties, the judges have the authority to assess and determine if the entry was really a joint effort.

Submission Guidelines

- Log on to our awards website www.bankingawards.co.ke. Click on the submit entry link which will take you to our new awards platform **ThinkAwards**
- Make sure it is clear what individual, department, company (or companies in the case of joint entries), you are entering. You can enter more than one project or program in a category.
- Include a summary of the product/company or individual you are entering for an award.
- Attach supporting documents: on your first page provide a simple covering statement of the story behind the project or program you have entered.
- Each category has its own judging criteria and parameters. Ensure that you provide information for each parameter as indicated in each award category.
- Pay attention to the maximum score awarded for each parameter.
- Attach relevant reference/supporting details including photos, videos as well as customer testimonials where applicable and available.
- If measurable targets were achieved, it is important to provide that evidence, i.e what the target was, if and how it was were achieved.

NB: No paper or late entries will be accepted. Entrants are not required to submit any financial reports.

SECTION A: COMMERCIAL BANKS

1. Overall Best Bank in Kenya 2021 [No submissions]

The **Best Bank in Kenya 2022** will be the Bank that best demonstrates the following: Commitment to Environment, Social and Governance factors (ESG) best practices, products and process innovation, good customer ratings on its products and services as well as solid financial performance.

From each Tier, all banks are first assessed on the basis of financial soundness. The financial soundness will be determined by 10 different parameters shown in Appendix 1, which measure asset quality, liquidity, earnings and capital adequacy.

Based on their financial performance, the top 5 banks in each of the four tiers will be shortlisted. They will then be assessed on ESG factors as shown in Appendix 2. Other parameters and attendant scores are listed below:

Only the Best Bank in Tier 1, Tier 2, Tier 3 and Tier 4 will be eligible to win this The Overall Best Bank in Kenya. These Best Banks in each Tier will be then judged amongst themselves based on their performance in financials, corporate governance and other criteria listed below.

The judges will look at:

Financial Criteria (see Appendix 2- Prorated 50%)	50%
ESG Factors (see Appendix 2 - Prorated 20%)	20%

Technology application (Comparative analysis and customer perception)	30%
Sub -total	100%
Total (Prorated to 30%)	30%

5. The Best Bank in Tier IV [No submissions]

Tier IV are banks with total assets less than **Ksh 15 Billion**. . All banks under this category are first assessed on the basis of financial soundness. The financial soundness will be determined by 10 different parameters shown in Appendix 2, which measure asset quality, liquidity, earnings and capital adequacy.

Based on the financial performance top 5 banks will be shortlisted and then subjected to an assessment on the ESG factors and other Criteria whose parameters are listed below. The ESG Criteria is as shown in Appendix 2. The Best Bank for this Tier will be the one with the total highest score in Financial Criteria, ESG factors and other criteria shown below:

The judges will look at:

Financial Criteria (see Appendix 2- Prorated 50%)	50%
ESG Factors (see Appendix 2 - Prorated 20%)	20%

Judging Criteria C: Other criteria	Max. Score
------------------------------------	------------

Customer numbers, branch, agency, ATM network in Kenya (publicly available)	20%
Product offering/ innovation (Comparative analysis and customer perception)	20%
Customer Satisfaction Survey (Based on a study)	20%
The bank with the lowest charges to customers (Based on our Tariff analysis)	10%
Technology application (Comparative analysis and customer perception)	30%
Sub -total	100%
Total (Prorated to 30%)	30%

6. The Bank with the lowest charges for SME / Individuals [No submissions]

A tariff survey on bank tariffs will inform the winners in this category. An index for banks based on the charges levied to their customers. The basis of the rankings will be on three scenarios modeled around the banking activities of three typical customers then assessing how each customer would have been charged for similar transactions by each bank over a twelve month period. The banks will then be ranked from the lowest in charges to the highest. There will be two sub categories for this category

- The bank with the lowest charges for individual customers.
- The bank with the lowest charges for SMEs

7. Best Bank to Borrow From [No submissions] New

This category is open to all banks. The winning bank will need to be financially stable, as evidenced in our analysis and also score well in ESG factors. Most importantly, this award is given to the bank with the lowest overall charge for a borrower taking a loan, these include legal and setup fees.

The judges shall examine:

Financial Criteria (see Appendix 2- Prorated 30%)	10%
ESG Factors (see Appendix 2 - Prorated 10%)	10%

	Max. Score
Current interest rate charged on loans	40%
Legal fees charged	20%
Other setup fee and charges	20%
Total	60%

8. The Most Customer-centric bank [No submissions]

The category looks at the overall customer experience with their banks. A country wide Customer satisfaction survey commissioned by Think Business and conducted by Infotrak Research & Consulting, amongst other information derived from entry document will be used to determine the winners.

Judges will be looking at:

	Max. Score
Customer numbers, branch, agency, ATM network in Kenya (publicly available)	10%
Product offering/ innovation (Comparative analysis and customer perception)	20%
Customer Satisfaction Survey (Based on a study)	50%
The bank with the lowest charges to customers (Based on our Tariff analysis)	10%
Technology application (Comparative analysis and customer perception)	10%
Total	100%

9. Best Bank in Mobile Banking [Submissions invited]

Customers are looking for convenient banking, Mobile banking offers them this opportunity and the bank that will survive the competition is the bank that offers the most effective mobile banking application.

Judges will be looking at:

	Max. Score
Scalability and integration possibilities of technology platform	20%
Service offering on the Mobile Banking platform	15%
Fraud Detection and Prevention measures put in place by the bank	15%
Turnaround time for bank account to Mobile Money Service Provider Account	10%
Turnaround time for bank service queries	10%
Nature of accessibility via different mobile gadgets	10%
Demonstration of ease of registration and usage	10%
Evidence of success in getting customers to use the platform.	10%
Total	100%

10. Best Bank in Internet Banking [Submissions invited]

Internet Banking has grown tremendously over the years particularly with the middle class and corporate banking clientele. This category will award the best bank in provision of internet banking as an alternative channel to its customers particularly through a website.

Judges will be looking at:

	Max. Score
Scalability and integration possibilities of technology platform	20%
Service offering on the Internet Banking platform	15%
Fraud Detection and Prevention measures put in place by the bank	15%
Turnaround time for 'within bank transfers' and bank account to Mobile Money Service Provider Account transfers	15%
Demonstration of ease of registration and usage	15%
Real time accessibility to account transactions.	10%

Evidence of success in getting customers to use the platform.	10%
Total	100%

11. Best Bank in Agency Banking [No submissions]

Several banks in Kenya have embraced agency banking as a means to spread their network, moving services closer to the people and easing congestion in their banking halls. The advent of agency banking is already lowering the cost of doing business for many banks. This initiative is therefore worth rewarding. Judges will be looking at:

	Max. Score
Number of agents across the Kenya (publicly available)	30%
Distribution network of agents across Kenya (publicly available)	20%
Value/ volume of transactions handled by agents (publicly available)	30%
Diversity of services offered through agents (based on study)	10%
Total	100%

12. Best Bank in Product Innovation [Submissions invited]

Entry is open to all products in the banking sector that entrants feel are most innovative. The judges will be looking for breakthrough products developed through cutting edge design, research and development that has redefined the market by improving usability, access and value to the customer.

13. Best Bank in Product Marketing [Submissions invited]

Here the judges typically assess the product that was presented and delivered most effectively to the market. The winning entry will be that product that offers greater value to the customer based on the core elements of marketing - the bank's pricing model, distribution network, promotional strategy and value addition of the product. Through a survey, bank customers are also asked to state what bank products were effectively sold to them. The team of expert judges then pick the winners from a weighted score which is determined also by the volume of actual business attracted by the marketing process.

	Max. Score
Number of actual subscribers	10%
Value addition of the product to customers	10%
Volume of actual business attracted by the marketing process	20%
Technology application	10%
Customer satisfaction survey-customer feedback	20%
Distribution network and promotional strategy	20%
Total	100%

14. Best Bank in SME Banking [Submissions invited]

This is open to all banks whose focus is mainly on SME banking. First, they are assessed on ESG factors and financial soundness using the ten key financial ratios that are also used to determine the Best Bank in Kenya with a maximum score of 60% **(See Appendix 1 and 2)**.

Financial Criteria (see Appendix 2- Prorated 30%)	30%
ESG Factors (see Appendix 2 - Prorated 30%)	30%

The Judges then subject a shortlist of the top ten, to further scrutiny based on the following weighted scores:

	Max. Score
Customer numbers	5%
Average loan size	5%
Product offering to SME segment	5%
Technology application	5%
Customer Satisfaction Survey (Based on a study)	15%
How competitive tariff rates are to SME customers (based on our survey)	5%
Total	40%

15. Best Bank in Mortgage Finance [Submissions invited]

This category is open to banks that have a focus on Mortgage Finance. The judges shall examine:

	Max. Score
The overall size of the mortgage book in 2021	15%
The rate of growth of the mortgage book in 2021	15%
The most competitive mortgage interest rates	15%
The average quality and value of the mortgage book in 2021	15%
The level of innovation of mortgage products offered	20%
The number of new customer accounts and average value of the same	20%
Total	100%

16. Best Bank in Islamic Banking [Submissions invited]

This is open to all full-fledged Islamic banks and other commercial banks with Islamic banking windows. Under this category, banks are first assessed on the basis of corporate governance and financial soundness (of the Islamic component).

The financial soundness will be determined by 10 different parameters that are used in The Banking Survey rankings, which measure asset quality, liquidity, earnings and capital adequacy.

Financial Criteria (see Appendix 1- Prorated 50%)	50%
ESG Factors (see Appendix 2 - Prorated 20%)	20%

The Judges then subject them to further assessment based on the following weighted scores:

	Max. Score
Customer numbers, branch, agency, ATM network in Kenya (publicly available)	20%
Product offering/ innovation (Comparative analysis and customer perception)	20%
Customer Satisfaction Survey (Based on a study)	20%
The bank with the lowest charges to customers (Based on our Tariff analysis)	10%
Technology application (Comparative analysis and customer perception)	30%
Sub -total	100%
Total (Prorated to 30%)	30%

Each of these values are assessed and weighted. The scores are then evaluated and the bank, with the best overall score is declared the winner.

17. Best Bank in Asset Finance [Submissions invited]

The diverse types of agricultural assets financed.	10%
The number of new customer accounts and average value of the same	20%
The rate of growth of the loan book last year	20%
The level of innovation of agriculture Finance products offered	20%
Total	100%

19. Best Bank in Trade financing [Submissions invited]

This category is open to banks that have a focus on Trade Financing and Trade Financing related products.

The judges shall examine:

	Max. Score
The overall size of the Trade finance loan book in for the last year	10%
The rate of growth of new customer accounts	10%
The average quality and value of the last year's Trade finance loan book	10%
The diverse types of Trade financing products (e.g. LCs).	10%
The number of new customer accounts and average value of the same	20%
The rate of growth of the loan book last year	20%
The level of innovation of Trade Finance products offered	20%
Total	100%

20. Best Bank in Retail Banking [Submissions invited]

This is open to the Tier I banks, because of their lead in customer numbers and deposits. Under this category, banks are first assessed on the basis of corporate governance and financial soundness.

The financial soundness will be determined by 10 different parameters that are used in The Banking Survey rankings, which measure asset quality, liquidity, earnings and capital adequacy.

Financial Criteria (see Appendix 2- Prorated 30%)	30%
ESG Factors (see Appendix 2 - Prorated 10%)	10%

From a shortlist of the top ten, the Judges then subject them to further assessment based on the following weighted scores:

	Max. Score
Customer numbers, branch, agency, ATM network in Kenya (publicly available)	10%
Product offering/ innovation (Comparative analysis and customer perception)	20%
Technology application (Comparative analysis and customer perception)	20%
Growth in Assets and Liabilities (Financial analysis)	10%
Customer Satisfaction Survey (Based on our study)	10%
The bank with the lowest charges to customers (Based on our Tariff analysis)	20%

Total	100%
Subtotal Prorated to 60%	60%

22. Best Commercial Bank in Micro-Finance [Submissions invited]

The judges assess the banks with the best focus in Micro finance. This category is open to banks offering micro finance products under the following definitions:

- a) Small loans to the mass market
- b) Informal appraisal of borrowers and investments
- c) Collateral substitutes, such as group guarantees or compulsory savings.
- d) largely targets the lower section of the income spectrum.

It is important that banks offering services to the micro segment are first and foremost, financially stable to mitigate against the risk of these customers losing their money. Hence the need to subject them to a financial stability assessment. They should also buy into ESG factors.

Financial Criteria (see Appendix 2- Prorated 30%)	30%
ESG Factors (see Appendix 2 - Prorated 10%)	10%

The Judges then subject them to further assessment based on the following weighted scores:

	Max. Score
No. and value of micro finance loans of less than Ksh 50,000 extended to customers	10%
The bank with the lowest charges to customers (Based on our Tariff analysis)	10%
Product offering to Micro-Finance segment	20%
Customer numbers, branch, agency, ATM network in Kenya (publicly available)	10%
